

School	Bagabaga Demonstration Primary
Subject	Mathematics
Class	JHS 1 (B7)
Class Size	35
Duration	60 minutes
Strand	Number
Sub-Strand	Fractions
Indicator	B7.1.2.1: Apply fractions to real-life problems.
Performance Indicator	Learners can apply fraction concepts.
Core Competencies	• Critical Thinking: Learners analyze problems. • Communication: Learners explain reasoning.
Reference	Ghana NaCCA Standards-Based Curriculum (2019)

Lesson Note

Performance Indicator

Learners can apply their understanding of **fractions** to solve real-life problems.

Core Competencies

- **Critical Thinking and Problem Solving:** Learners analyze *everyday* situations from Ho Market.
- **Communication:** Learners explain their reasoning clearly.

Main Activity

1. Introduce the concept of fractions using cassava pieces.
2. Demonstrate a worked example on the board.
3. Ask learners to try a similar problem in pairs.

Key Vocabulary

- Numerator
- Denominator
- Fraction (a part of a whole)
